

JESUS IS IN CONTROL

Craft & Game Ideas

Poison Substitute Ball

Play normal poison ball with your family, but with a few changes.

When someone is tagged by the ball, they go to a designated area.

Once there are more than 2 people out, someone who is still in can run over and take their place by giving them a high five saying 'I take your place', and the people who are out, are now free.

This continues until either everyone is out., or you get tired.

Musical Statues 'Out of Control, In Control' (Also able to be played on Zoom/Video chat)

Choose someone to play music, while everyone else dances.

The one playing the music says 'I am in control. Once the music stops, you must freeze'

Once the music is stopped, everyone must freeze, the one playing the music says 'Out of control, Freeze'

If the one playing the music notices anyone moving, those people are out.

Continue until everyone is out, or you get tired

Make your own Quick Draw

In this video, we used what's called 'quick draw'. You could try this too. Look at the final picture that was drawn in the video and try to copy it.

Once you have practised, record yourself drawing it.

With basic video editing programs, try speeding it up. Then tell the story to someone in your house or a friend over Zoom/Video chat.

We would love you to share your video on our 'Quiz Worx Home Delivery' Facebook group
